DRAMEDY / FICTION

LINE UP follows two multigenerational families waiting in line. Just like us, they might feel all too alone in these confined moments. This simple backdrop brings strangers and their loved-ones together and also highlights how easy it is to get on each other's nerves... it always seems to be during the longest line!

Between these stressful and calm pauses, relationships evolve between young and old family members as they reveal their insecurities and vulnerabilities. Throughout the season, we discover what ties all of these unique characters together in funny or

heartbreaking ways. The slice-of-life concept through line-ups lends itself to adaptation in different countries, and the variety of character ages appeals to audiences of different walks of life.

This series differs from other family series by a multilayered treatment in writing and character development. The directing touch gives the actors the opportunity to touch us deeply and explore what diversity and inter-generational relationships means in your country.
