## DRAMEDY

An uplifting story of love and family triumphing over limitations

FORMAT

READYMADE

*Meet Anthony, a handsome, sweet, smiley, stubborn, affectionate, hard-headed, hilarious and loveable nine-year-old.*

*Anthony is a lot of things. He also happens to be physically disabled, intellectually challenged, autistic, non-verbal, near-sighted, suffers from insomnia and is a high-functioning epileptic.*

*This may not sound like the premise for a comedy drama series! But this beautiful show manages to bring humour and heart to an otherwise hard situation, with a unique story and quirky characters that will keep audiences hooked.*

## STORYLINE:

When Julie starts a new relationship, she finds herself drawn into an unconventional family as she takes on a new role as stepmom to her boyfriend's two kids, including Anthony—a loveable nine-year-old with severe limitations who will change her life, and the way she sees the world, forever.

Still in the development stage with **Quebecor Content** in Quebec, this fascinating series has already sparked the interest of **Gaumont**, an industry leader film studio based in France whose flair and expertise had unparalleled success over the decades.
